

AREA 8

M A T E R A

WHY AREA 8?

IN 1909 GERMAN ANATOMIST KORBINIAN BRODMANN FIRST PUBLISHED THE MAP OF CORTICAL AREAS IN HUMANS AND OTHER SPECIES. AREA #8 OR BA8, IS A NARROW PIECE OF THE BRAIN SITUATED IN THE FRONTAL CORTEX, CONSIDERED BY BRODMANN TO BE RESPONSIBLE FOR A SERIES OF ACTIVITIES INCLUDING COMPLEX THOUGHT AND MANAGEMENT OF UNCERTAINTY.

WE DO METICULOUS PLANNING IN EVERY STEP OF OUR LIVES, BUT IT IS VERY OFTEN THE UNPREDICTABLE, THE UNDEFINABLE, THE UNEXPECTED THAT LEAD TO THE BEST EXPERIENCES OF OUR LIVES.

WELCOME TO AREA 8, AN ODE TO UNCERTAINTY.

Sunto:

{ planning, no matter how careful and meticulous, can never outweigh a stroke of luck }
